

# Responsible Leaders

**A**t Fosse Bank, we pride ourselves in being a close-knit community. Our values such as friendliness and kindness are key, yet we are also a place in which children develop a sense of self and an awareness of the wider world and the issues that face us all.

Children are now sadly all too familiar with images in the news about refugees, global warming and the problems plastics bring and can feel helpless against the tide of bad news. As educators, we must enable children to feel engaged with these important matters and to understand that they, as individuals, can be part of making a difference in the world both now and later as adults.

This term years five and six visited the Houses of Parliament where they learnt about our country's democratic values and how we as a nation are governed. Our children's curiosity will be stretched as they visit the Science Museum, Biggin Hill Airport, Buckingham Palace and Tate Modern.

We don't have to venture far, though, for our children to enjoy and explore the vast and wonderful grounds of Fosse Bank itself. All our children, including Little

Fosse, benefit from exploring the forest in the care of our dedicated forest school teaching staff. Each of our year groups participates in outdoor learning where they are taught about nature and bush craft. There's something special about popping corn over an open fire, toasting muffins and drinking hot chocolate on a cold winter's day.

We take pride in providing our children with a broad and demanding school life where expectations from both staff and parents are high. But we also nurture our children and instil in them a respect for all, along with impeccable behaviour and a love of learning. We are proud to see our children develop into independent young people who go on to fulfil their academic potential.

Fosse Bank offers education for 2 to 11-year-olds as well as care throughout the year from 7.30am-6.00pm, 50 weeks of the year including holiday clubs.
